

Introducing Agile Methods - Training Course Outline – ½ Day

Save your self the frustration and costs associated with of opposition to change and failed agile adoptions. Instead, learn the successful approaches used by other companies adopting agile and the common pitfalls to avoid. This half day course exposes why many agile change initiatives fail and presents a proven roadmap for agile methods introduction. Created from the lessons learned during 14 years of agile roll-outs world wide and case studies from Forrester, Standish and Gartner this half day course has been described as “worth its weight in gold” by participants involved in agile introductions.

ABOUT THE TRAINER

All Leading Answers training courses are taught by Mike Griffiths with no substitutions. Mike was involved in the creation of the agile method “DSDM” in 1994 and has been using agile methods (Scrum, XP, FDD, and DSDM) in a variety of business and technical domains for the last 14 years. He is active in both the agile community and traditional project management circles. Mike serves on the board of the Agile Alliance and the Agile Project Leadership Network (APLN). He was a contributor to the PMBOK v3 Guide and is a trainer for the PMI SeminarsWorld program.
